

## CURRICULUM VITAE

### **Prof. Reda Fadeel Ali Bakr**

Professor of Insect toxicology and pest control  
Ain Shams University, Egypt.

#### **Name: Reda Fadeel Ali Bakr**

**Academic Rank:** Professor of Entomology    **Nationality:** Egyptian

**Languages:** Arabic and English

**Date of Birth:** 25/8/1955

**Current Contact Information:** *Mailing Address:*

Department of Entomology  
Faculty of Science,  
AIN SHams University,  
*Elkhalifa Elmamoun Street.*  
*Cairo, Egypt, 11566 Abbasia*

*Mobile #:* 01114974571

*Email:* [redabakr@sci.asu.edu.eg](mailto:redabakr@sci.asu.edu.eg)  
[redabakr55@gmail.com](mailto:redabakr55@gmail.com).

#### **Permanent Contact**

*Mailing Address:*

**Information:** Entomology Dept., Faculty of Science, Ain Shams University,,Cairo, Egypt,

*Mobile #:* 002- 01114974571

*Office #:*

*Home #:* 002- 01114974571

*Email* [redabakr@sci.asu.edu.eg](mailto:redabakr@sci.asu.edu.eg)  
[redabakr55@gmail.com](mailto:redabakr55@gmail.com)

### **II. Academic Qualifications**

- 1- B. Sc. In Entomology (very good) May 1978 Ain Shams University
- 2-M. Sc. in Entomology (insect toxicology).26/12/1982.Ain Shams University-Faculty of Science.
- 3-Ph. D. in Entomology (insect toxicology). 28/7/1986.Ain Shams University-Faculty of Science

### **III. Employment History:**

- 1- Demonstrator: Entomology Department-Faculty of Science-Ain Shams Univ. 1/10/ 1978.
- 2- Assistant lecturer: Entomology Department- Faculty of Science-
3. Ain Shams University- 26/1/ 1983.

4. 3- Assistant Professor (lecturer): Entomology Department-Faculty of Science-Ain Shams University. 25/8/ 1986.
5. 4- Associate Professor: Entomology Department-Faculty of Science- Ain Shams University.30/12/ 1991.
6. 5- Professor of Entomology (Toxicology & Pest control). Entomology Department- Faculty of Science-Ain Shams University.28/7/ 1997.

#### **IV. Research Interests:**

- 1- The effectiveness of modern insecticides on insects and other organisms and their impact on environmental pollution.
- 2- Survey for pests of figs (North Coast) and its control.
- 3- The impact of agricultural and industrial waste and their use in insect control.
- 4- Extract safe alternatives pesticides in pest control.
- 5- Survey and classification of insect ants at the level of the governorates of the Arab Republic of Egypt.
- 6- Survey and identification of sand fly and their control of some Arab countries.
- 7- The use of insect as biological indicator of environmental pollution.
- 8 - The use of insects in the field of forensic entomology to prove the crime of murder which kill by Insecticides.
- 9- Calibration and evaluation of ground sprayers in the control of insect pests.
- 10- Survey and identification of micro-organisms that cause disease on ants and the effect of Pesticides on them.
- 11- To maximize the field of biological control and the discovery of some insect predators and studied their effectiveness.
- 12- The use of molecular biology in identifying the mode of action of pesticides and their impact on Living cell.
- 13- The use of cell culture in the living tissue to detect the impact of pesticides.
- 14 - The use of the electron microscope of both types to identify the impact of insecticidal agent on the insect.
- 15- The use of radiation in the control of insects.
- 16- The use of modern methods in the control of insect museums, mummies.
- 17-Use the new mathematical models as a method for pest control.
- 18- Has a patented of insecticide from some industrial waste

#### ***Training programmes:***

- 1- Training programme on Electron Microscope. (six-month 1988).
- 2- Specialized programme for preparing experts of the evaluation of the environment residue scope.
- 3- Specialized programme for preparing experts of the evaluation of the environment residue for industry projects.
- 4- Legal aspects in universities. Date 4-5/12/2004.
- 5- Management of time and work stresses. Date 6-8/12/2004.
- 6- Decision making and problem solving. Date 11-13/12/2004.
- 7- Management of human resource. Date 16-19/7/2005.
- 8- Skills of management. Date 25-28/7/2005.
- 9- External reviewer for high education organizations (National Authority for Quality Assurance and Accreditation of education). Date 9-13/11/2008.
- 10- Strategy planning for high education organizations (National Authority for Quality Assurance and Accreditation of education). Date 30/11- 1/12/2008.
- 11- Information System for reviewer for high education organizations (National Authority for Quality Assurance and Accreditation of education). Date 13/1/2009.
- 12- Simulation system for reviewer for high education organizations (National Authority for Quality Assurance and Accreditation of education). Date 15-19/2/2009.
- 13- Evaluation of outcomes of education to higher education institutions 8-9/3 /2009.
- 14- Effective education for institutions of higher education 10-12/3 /2009.

- 15- Application of the National Academy of reference standards 21-23/4 /2009.
- 16- Intensive Course of the external auditors - Institutions of Higher Education 14- 16/12/2010.
- 17- E-learning skills at King Khalid University 15/10/2011.
- 18- Elluminate live, King Khalid University 17/10/2011.
- 19- Quality assurance and institutional evaluation at King Khalid University (2012).
- 20- Strategic planning for King Khalid University colleges (17-18/2/2013).
- 21- University Teaching Strategies at King Khalid University (3-4 / 3/2013).
- 22- Development of research capabilities at King Khalid University (3/5/2013).
- 23- Online Test, Deanship of E-Learning & Distance education, University of Bisha 12-13/3/2017.
- 24-Publishing ISI journals, Bisha University in cooperation with the Center for University Education Development at King Abdulaziz University in Jeddah 13-14/6/2017.
- 25-Developing online courses according to quality Matters rubric QM. Deanship of E-Learning & Distance education, University of Bisha 17-19/12/2017.
- 26-Saudi open education resources network ( SHMS)-1<sup>st</sup>. level, Deanship of E-Learning & Distance education, University of Bisha.12-13/2/2018.

## **V. Research Publications**

### **1. *PhD thesis information.***

Morphological and physiological aberration induced by insect growth regulators against the common house fly *Musca domistica*.

### **2. *MSc thesis information.***

Effect of insect growth regulators against *Culex pepiens*

### **3. *Books or book chapters information***

## **Reference Books:**

- 1- Practical Insect Biology in English and Arabic Languages.
- 2- Practical guide for insecticides.
- 3- Fundamental of insecticide toxicology and Resistance.
- 4- The faces of miracles in the verses of Bees (language - scientific - medical)
- 5- Lessons learned from the verses of bees

## **Scientific awards:**

- 1 - award for best research (University of Ain Shams).
- 2 - award for best presentation of teaching methods (Ain Shams University).

## **Membership of local or international scientific Societies related to the field of specialization:**

- 1-Member of the Egyptian Society of Entomology (Member)
- 2 - Member of the Egyptian Society of Parasitology (member)
- 3- Member of the Egyptian Society of Genetic Sciences (Member)
- 4 - Member of the Egyptian Canadian Society (memb)
- 5 - Member of the Egyptian German Society of Zoology (member)
- 6 - Member of the Association of Scientific Miracles of the Book and Sunnah (member)
- 7 - Member of the Egyptian Society for Environmental Development (Editor)
- 8- President of the Egyptian Society for Biological Sciences

## **Research projects:**

- 1-Toxicological and biochemical studies on the effect of some agricultural and industrial waste products as insecticidal agent on the mosquito (2008/2009).

- 2-Examination of some plant extracts and seaweed from Asir region, as biological pesticides on the mosquito larvae of *Culex pipiens* (2011/2012 King Khalid University - Center for Talent and Creativity).
- 3- Studies on Biodiversity and Nutritional Relationships of Parasitic Insects of the Avidin Family (Hymenoptera: Bracconidae) - (No. of Project kku\_s281\_33) King Khalid University - Deanship of Scientific Research 2012/2013.
- 4- Toxicological Studies on the Effect of some Agricultural and Wild Plants Extract as Insecticidal Agent on the Common House Mosquito, *Culex pipiens* in Bisha Region, Saudi Arabia, supported by the Research Sponsorship Program, University of Bisha, Kingdom of Saudi Arabia, grand Number (UB-02-1438) (2017/2018).

### **Organizing conferences**

- 1 – Chairman of the First International conference of Biological Sciences about future trends for biological sciences and their applications (27 -29 September 2010 Cairo – Egypt)
- 2- Chairman of the Second International conference of Biological Sciences on "Future Trends of Biological Sciences and their Application" which will be held in the Dar Eldiafa - Ain Shams University, during the period from 1 - 3 / 7 / 2013.

### **Community Service:**

- 1 - Develop a method for the selection of materials to assess the resistance of the woolen textile dementia (Egyptian Organization for Standardization) - Cairo.
- 2- Seminar on harmful and beneficial insects (the preparation of leaders) Ain Shams University.
- 3- Seminar on the houses of the living organisms (comparative study) Department of Entomology.
- 4 - A Lecture on the Scientific Miracles in the Quran for the bees, Faculty of Science
- 5- A lecture on the Scientific Miracles in the Quran (Radio Station of Quran)
- 6 - Recordings for insects on Egyptian television, educational channels of higher education.
- 7 - Many articles on newspaper science and belief.
- 8 - an activist of the Ministry of Youth, where the contribution of scientific awareness in the villages of Upper Egypt and cultural deficiencies.
- 9 - Contributed to the convoy, Ain Shams University to raise awareness of medical and scientific 2008
- 10-Preparation of articles on the Web in the field of specialization.
- 11 - Training courses for students of entomology from other universities for:
  - 1 - extraction plant pesticides.
  - 2 - Methods to use pesticides.
  - 3 - Evaluation of some pesticides and plant extracts

### **4-Published papers.**

- 1- **Bakr, R. F. A.; M.S.Hamed and N.A.Abdel-Razik (1984):** Ovicidal activity of certain insect growth regulators (IGRs) against *Culex pipiens* (Diptera: Culicidae). *Ain Shams Sci. Bull.* No.25B pp 349-362.
- 2- **Bakr, R. F. A.; N.A. Abdel-Razik and M.S.Hamed (1984) :** Larvicultural effect of certain insect growth regulators (IGRs) against *Culex pipiens* (Diptera: Culicidae). *Ain Shams Sci. Bull.* No.25B pp 363-379.
- 3- Abo-Gabal, N.M. and **Bakr, R. F. A.** (1987): A comparative study of dehydrogenase in *Anopheles pharoensis* and *Culex pipiens* during insect development. *Egypt. J. of Genetics & Cytology*, Vol.17: 217-228.
- 4- **Bakr, R. F. A.** and N. M. Abo-Gabal (1987): Changes in dehydrogenase activities of the house fly, *Musca domestica* after Dimilin treatments during development. *Egypt. J. of Genetics & Cytology*, Vol.17: 229-238.

- 5- **Bakr, R. F. A.** and M. A. Hussein (1988): Morphogenic and histopathological studies on the effect of the chitin synthesis inhibitor, Chlorfluazuron against *Musca domestica* (L.) by using methacrylate embedding technique. *J. of Egypt. Soc. of Parasitology*, Vol. 18 No. 2, pp 635-645.
- 6- **Bakr, R. F. A.**; N. A. Abdel-Razik; M.S.Hamed and A. M. Guneidy (1989): Physiological effect of some insect growth regulators (IGRs) on the respirometric measurement, total protein and free amino acids of the house fly, *Musca domestica* (L.). *Ain Shams Sci. Bull.* No. 28 pp.169-183.
- 7- **Bakr, R. F. A.**; N. M. Abo-Gabal and M. A. Hussein (1989): Insectgrowth regulators: I. Biological activity of some IGRs against the susceptible and resistant strains of *Culex pipiens* larvae.11. Pattern of cross resistance of IGRs in carbaryl-resistant strain. *J. of Egypt. Soc. of Parasitology*, Vol. 19 No.2,pp589-597.
- 8- El-Bermawy, S. M.; A. H. M. Hassanein; **Bakr, R. F. A.** and N.A. Abdel-Razik (1989): Activity of some insect growth regulators (IGRs) on *Tribolium confusum* Jacquelin Duval. *J. of the faculty of education*, No. 14, pp. 527- 558.
- 9- Hussein, M. A. and **Bakr, R. F. A.** (1990): Methacrylate embedding as a new technique for histopathological studies on the effect of *Bacillus thuringiensis* against *Culex pipiens* . *J. of Egypt. Soc. of Parasitology*, Vol. 20 No. 1, pp.197-201.
- 10- **Bakr, R. F. A.** (1990): Latent effects of gamma radiation on, *Musca domestica* (L.). *Ain Shams Sci. Bull.* No.28 pp 213-224.

## **VI. Teaching experience**

### **Undergraduate:**

1. General Entomology
2. Physiology Course
3. Toxicology Course
4. Pest control Course
5. Economic and medical Entomology Course
6. Pest Management Course
7. Ecology Course
8. Insect Behavior course
9. Insect taxonomy course

## Graduate

1. Advanced toxicology
2. Pest Management course
3. Social insects course
4. Forensic entomology
5. Special topics

## VII. Teaching Philosophy:

### **فلسفة التدريس**

الحمد لله ، والصلوة والسلام على رسول الله ، أما بعد

#### **أولاً : روئيتي الفلسفية للتدريس :**

تتمثل فلسفتي في النظر إلى التعليم والتدريس على النحو الآتي :

**أ - سمو رسالة العلم والتعلم والتعليم :** لما يؤديه العلم بالتعليم من إحياء للفوس ، وتوسيع العقول والبصائر ، ورفع للجهل ، وجلب للخير ، ودفع للشر ، إلى غير ذلك من الفضائل العظيمة. ومن أنى أرى ضرورة الاهتمام بربط الطالب بالكتاب الذي هو المصدر الأصلي للمعرفة ، وحثه على اقتاته، وكذلك ضرورة التعامل مع الوسائل الحديثة للتعلم والتعليم ، لكل من الأستاذ والطالب ، وبخاصة الإلكترونية منها ،

**ب- أن العلم والتعلم نشاط إنساني ، وليس فقط مادة وطريقة:** ومن هنا فإن المباديء والمرتكزات التي تقوم عليها طرق التدريس الجامعي الفعالة ، والتي سأعمل على تحقيقها. إن شاء الله تعالى . ما يأتي :

1- المشاركة النشطة من قبل الطلاب .

2- تقديم المعرفة العلمية بطريقة مفهومة ، وواضحة المعنى بالنسبة إلى الطالب ، وبما يوافق خبراته السابقة ، وطبيعة العلم ، وبنيته ، وأهداف تدريس المادة العلمية .

3- تنظيم المعرفة المقدمة بطريقة مترابطة ومتسلقة ، بحيث ينال المتعلم فهم كل خطوة ، وتطبيقاتها ، وتحويلاتها ،

4- تضيق الفجوة بين النظرية التدريسية والمنطق البنائي والتنظيمي للمادة .

5- اعتماد التغذية الراجعة المناسبة ، لإحداث التغييرات ، أو التعديلات في التدريس الجامعي ، بما يوافق ظروف المتعلمين وحالاتهم وتوجهاتهم واهتماماتهم .

6- أن تكون طريقة التدريس المتتبعة مرنة وقابلة للتعديل في ضوء المستجدات التي تحدث في قاعات التدريس

**ج - طريقي في التدريس :** تتركز الطرق الشائعة في التدريس الجامعي بشكل عام على استراتيجيات ثلاثة :

1- استراتيجية تركز على المتعلم .

2- استراتيجية تركز على الأستاذ .

3- استراتيجية تركز على التفاعل بين الأستاذ والمتعلم .

فإن الطريقة التي يراد اتباعها لا بد من أن تتسم ببعض السمات ، والتي من أهمها :

1- ربط التعلم الجديد بالتعلم السابق ذي العلاقة .

2- استخدام التعلم الجديد في مواقف جديدة ذات علاقة بحياة المتعلم اليومية (التعلم الوظيفي) قدر الإمكان .

3- تنمية شخصية المتعلم في تحقيق التعلم من جوانبها المختلفة : المعرفية والمهارية ، والانفعالية

هذا بالإضافة إلى ربط ذلك كله بضرورة التحليل بأداب طالب العلم وصفاته الحسنة

**د- أساليب التقويم:** أتبع عدة أساليب للتقويم ، ومن أبرزها :

1- الاختبارات (الشفهية والتحريرية) المرحلية والنهائية .

2- إجراء البحث الصغير، وتلخيص المعلومات من المراجع .

3- أداء النشاطات التدريبية (الشفهية والتحريرية) التي أقرتها .

وأقوم بتحديد جدول زمني يجرى فيه التقويم ، وهو موضح في ملف كل مقرر .

أؤمن بأن مسؤولياتي كأستاذ في جامعة الملك خالدأن أقدم لطلابي ما يلى :

• الجو التعليمي الراقي الذي يفعل عملية التعلم.

• المعلومات والمعرفة العلمية والعملية التي تساعدهم على أن يكونوا أكثر تفوقاً ونجاحاً في حياتهم.

• المواد التعليمية والكتب والمراجع العلمية غير المتوفرة في مكتبة الجامعة،

التغذية الراجعة لهم كي أكون أكثر فاعلية في عملية التعلم.

• إثارة دافعياتهم وتعزيزها بصورة تجعلهم أكثر نجاحاً وتفوقاً في حياتهم العلمية والعملية.

كما إنني أؤمن بأن لدى طلابي المميزين واجبات تجاه أستاذ المقرر وتجاه زملائهم ونحو أنفسهم، الأمر الذي يساعدهم على القيام بأعمالهم بصورة فاعلة وذات كفاءة عالية.
